

EMPLOYEE TRAINING RECORD

TRAINING TITLE STUMP CUTTER

KEY TEACHING POINTS

PERSONAL PROTECTIVE EQUIPMENT

- | | |
|--|-----------------------------|
| • Hard hat | • Gloves |
| • Face shield over safety glasses | • Hearing protection |
| • Respiratory protection may be required. | |

SAFE OPERATING PROCEDURES

- **Review safe practice rules for applicable equipment (including rental equipment) and perform pre-operational checks.**
- **Review equipment operation portion of the Operators Manual.**
- **The Operators' Manual shall be available to workers operating or servicing the cutter.**
- **Familiarize yourself with the operation of cutter and the shut down procedure before using.**
- **Review work site and clear all debris away from the stump (rocks, bottles, metal, etc.).**
- **Before starting cutter, make sure all safety guards are in place.**
- **Additional personnel should be used as necessary to keep spectators and others from approaching the work area and being struck by debris.**
- **Avoid forcing cutting wheel into stump.**
- **After shutting down stump cutter, do not approach cutting wheel until it is completely stopped and is not turning.**
- **Check cutting teeth before cutting next stump.**
- **Locate underground facilities prior to cutting stumps. If necessary contact Underground Services Alert.**
